

TRUTH-IN-SAVINGS DISCLOSURE

N.O.W. ACCOUNT (Negotiable Order of Withdrawal)

Rate Information - Your interest rate and annual percentage yield may change.

Frequency of rate changes - We may change the interest rate on your account at any time.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will be compounded every day. Interest will be credited to your account every month.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$100.00 to open this account.

Minimum balance to avoid imposition of fees - A monthly maintenance fee will be imposed every statement cycle if the average balance in the account falls below \$500.00 for the cycle. (see separate fee schedule)

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$50.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account.

This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction Limitations - see common features below

Fees: A per check fee will be charged for each check paid, if the balance in the account falls below \$500.00 any day of the statement cycle. (see separate fee schedule)

MONEY MARKET PASSBOOK ACCOUNT

Rate Information - Your interest rate and annual percentage yield may change. See Separate rate sheet for tiered rates and balances.

Frequency of rate changes - We may change the interest rate on your account at any time.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will be compounded every day. Interest will be credited to your account every month.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$1,000.00 to open this account.

Minimum balance to avoid imposition of fees - A monthly maintenance fee will be imposed each monthly statement cycle if the average daily balance for the monthly statement cycle falls below \$1,000.00 (see separate fee schedule). The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$50.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account.

This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction Limitations - see common features below

MONEY MARKET CHECKING ACCOUNT

Rate Information - Your interest rate and annual percentage yield may change. See Separate rate sheet for tiered rates and balances.

Frequency of rate changes - We may change the interest rate on your account at any time.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will be compounded every day. Interest will be credited to your account every month.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$1,000.00 to open this account.

Minimum balance to avoid imposition of fees - A monthly maintenance fee will be imposed each monthly statement cycle if the average daily balance for the monthly statement cycle falls below \$1,000.00. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. (see separate fee schedule)

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$50.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction limitations - Transfers from a Money Market Checking account to another account or to third parties by preauthorized, automatic, internet banking or telephone transfer are limited to six per monthly statement cycle with no more than three by check, draft, or similar order to third parties. Also see common features below

CHRISTMAS CLUB ACCOUNT

Rate Information - Your interest rate and annual percentage yield may change.

Frequency of rate changes - We may change the interest rate on your account at any time.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will not be compounded. Interest will be credited to your account at the end of the club term.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$10.00 to open this account

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$50.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction limitations - If any withdrawal is made from this account before the end of the club term, then this account will be closed. Also see common features below.

Fees: An annual maintenance fee will be charged if your account balance does not reach \$50.00 by the end of the club term. (see separate fee schedule)

PASSBOOK SAVINGS ACCOUNT

Rate Information - Your interest rate and annual percentage yield may change.

Frequency of rate changes - We may change the interest rate on your account at any time.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will be compounded every day. Interest will be credited to your account every month.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$50.00 to open this account.

Minimum balance to avoid imposition of fees - A monthly maintenance fee will be imposed every calendar month if the average daily balance for the month falls below \$50.00. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. (see separate fee schedule)

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$50.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account.

This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction Limitations - see common features below

STATEMENT SAVINGS ACCOUNT

Rate Information - Your interest rate and annual percentage yield may change.

Frequency of rate changes - We may change the interest rate on your account at any time.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will be compounded every day. Interest will be credited to your account every month.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$50.00 to open this account.

Minimum balance to avoid imposition of fees - A monthly maintenance fee will be imposed every statement cycle if the average daily balance for the statement cycle falls below \$50.00. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. (see separate fee schedule)

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$50.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account.

This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction limitations - Transfers from a Statement Savings account to another account or to third parties by automatic, internet banking or telephone transfer are limited to six per monthly statement cycle with no transfers by check, draft, debit card, or similar order to third parties.

FIXED RATE CERTIFICATE OF DEPOSIT

Rate Information:

Fixed Rate Certificate of Deposit: The interest rate on your account is determined by the rate being paid on the term you select at the time you open the account. You will be paid this rate until first maturity.

_____ % with an annual percentage yield of _____ %.

StepUp CD Option Plan and Rate Information (variable rate account): The interest rate on your account is determined by the rate being paid on the term you select at the time you open the account. You will be paid this rate until first maturity. The interest rate on your account is _____ %, with an annual percentage yield of _____ %.

The interest rate and annual percentage yield may change. We will not change the rate on your account during the term of the account. However, from time to time, we may offer you the option during the first term of this account to exchange this interest rate for a new interest rate. The new interest rate will be the interest rate we are then offering on time deposits of the term of this account with the same term as the original term of this account. This exchange will be at no cost to you. If you make an exchange, the maturity date of this account will remain the same as originally scheduled. You may exercise this exchange option once during the first term, but not during any renewal term.

Compounding frequency Interest will be compounded every day.

Crediting frequency - Interest will be credited to your account:

Depending on the type of account you select interest is credited either monthly and at maturity, or at maturity.

Minimum balance to open the account - You must deposit \$1,000.00 to open this account.

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$1,000.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account.

This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items

(for example, checks).

Transaction limitations: You may not make any deposits into your account before maturity.

You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw credited interest at any time during the CD term.

Time requirements - Your account will mature

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity)

- If your account has an original maturity of one year or less: The fee we may impose will equal three months interest on the amount withdrawn subject to penalty, whether earned or not.
- If your account has an original maturity of more than one year: The fee we may impose will equal six months interest on the amount withdrawn subject to penalty, whether earned or not.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. See your plan disclosure if the account is part of an IRA or other tax qualified plan.

For any time deposit which earns an interest rate that may vary from time to time during the term, the interest rate we will use to calculate this early withdrawal penalty will be the interest rate in effect at the time of the withdrawal.

Withdrawal of interest prior to maturity - The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatically renewable time account - This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned below, if any). We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, interest will not accrue after final maturity.

Variable Rate Each renewal term will be the same as the original term, beginning on the maturity date. Interest will be calculated on the same basis as during the original term.

Fixed Rate - Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time deposits on the maturity date which have the same term, minimum balance (if any) and other features as the original time deposit.

You will have ten calendar days after maturity to withdraw the funds without a penalty.

VARIABLE RATE CERTIFICATE OF DEPOSIT

Rate Information -Your interest rate and annual percentage yield may change.

The interest rate on your account is _____% with an annual percentage yield of _____%.

Frequency of rate changes - We may change the interest rate on your account every month.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding frequency - Interest will be compounded every day.

Crediting frequency - Interest will be credited to your account every month.

Minimum balance to open the account - You must deposit \$1,000.00 to open this account.

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$1,000.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction limitations: You may not make any deposits into your account before maturity.

You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw credited interest at any time during the CD term.

Time requirements - Your account will mature

Early withdrawal penalties - A penalty may be imposed for withdrawals before maturity

- If your account has an original maturity of one year or less: The fee we may impose will equal three months interest on the amount withdrawn subject to penalty, whether earned or not.

- If your account has an original maturity of more than one year: The fee we may impose will equal six months interest on the amount withdrawn subject to penalty, whether earned or not.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. See your plan disclosure if the account is part of an IRA or other tax qualified plan.

For any time deposit which earns an interest rate that may vary from time to time during the term, the interest rate we will use to calculate this early withdrawal penalty will be the interest rate in effect at the time of the withdrawal.

Withdrawal of interest prior to maturity - The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatically renewable time account - This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned below, if any).

We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, interest will not accrue after final maturity. Each renewal term will be the same as the original term, beginning on the maturity date. Interest will be calculated on the same basis as during the original term.

You will have ten calendar days after maturity to withdraw the funds without a penalty.

COMMON FEATURES

Please refer to our separate fee schedule for additional charges that may be assessed against your account.

Please refer to our separate rate sheet for our current rates.

We may require 7 days' notice in writing before each withdrawal from an interest bearing account other than a time deposit (certificate of deposit), or from any other savings account as defined by Federal Reserve Regulation D.

Withdrawals from a time account prior to maturity or prior to any notice period may be restricted and may be subject to penalty. See your notice of penalty for early withdrawal.
